## ***This Month's Chuckle!***

Once upon a time, there was a cat that died. When she got to heaven, God asked her how she liked being on earth. She told the Lord that it was awful -- she had to sleep in cold black alleys, where there was no food and life was hard. God told her that he was sorry it had turned out that way -- but here, in heaven, she would be happy and He would give her the most comfortable, warm pillow to sleep on. The cat lay down upon the pillow and was happy.

A few days later, about a dozen mice came to heaven together and God asked them how they had liked earth. The earth was no better for them than it was the cat. They explained to God that it was tough and exhausting and their feet were worn out from always running from cats and dogs and people. God felt bad for the mice and decided to give them roller-skates.

One day God sees the cat again and asked her how she liked heaven. She explained that it was absolutely wonderful. The pillow he gave her was the most comfortable place that she had ever slept on, but even better than the pillow was the meals on wheels.

## **Local Residents Grandson Played on Saskatchewan Provincial Rugby Team**

Estella and Richard Strobl's grandson Kelly played on the Saskatchewan Provincial Rugby Team at the summer games held in Kamloops, BC in August 2011.

Saskatchewan won Silver at the summer games. The other Rugby teams at the games were from Alberta, Manitoba, and British Columbia.

Kelly is 15 years old and is playing on the 18 year old Saskatchewan Provincial Rugby team out of Saskatoon. He is in Grade 10 and currently attends Tom Collegiate in Regina. Kelly also plays soccer and football for Tom Collegiate during the school year. It was at one of his football games that he was scouted for the Rugby team and was asked to join them.

## **Council News**

Last week the below notice was sent out to all ratepayers and citizens of Pangman, Norton RM 69 and surrounding communities.

As you are well aware, a beautiful new paved main street in Pangman has replaced the potholes residents and visitors have tolerated for so long. This is due in large part to anonymous donations to this project of \$110,000.00 during the past year. After months of considerations, Council made the decision to do a top quality job that would last, and that we could all be pleased with. It would go from Railway Avenue up to the point where the Province assumes responsibility for the street. The lowest bidder, a past resident of this area, with a good reputation and an interest in doing a quality job, came in at approximately \$234,000.00. He also donated the line painting.

The balance of about \$124,000.00 was proposed to be paid for through a special levy to local ratepayers, rather than a long term loan and a higher mill rate. After much deliberation and listening to residents, council has felt to postpone the proposed levy to ratepayers for this year. Instead, we are inviting individuals and businesses, with a heart for this community, to make voluntary donations for which a 100% tax deductible receipt will be given. Any amount not covered by the end of the year can then be paid through a levy, if needed.

Thank you for your thoughtful consideration and patience as we try to administer a difficult, but exciting opportunity, and continue to make this a better community.

Yours truly, The Mayor and Council of the Village of Pangman.

## **Pangman School Under Review**

As you may know Pangman has been advised that the school is under Review.

At a special meeting on September 26, 2011, the South East Cornerstone Public School Division passed a motion of intent to review the potential discontinuance of one or more grades

and/or potential closure of Pangman School in accordance with the review criteria contained in Board Policy 14 sections 1 and 2 that were adopted by Board motion #11-89 dated June 16, 2011.

Under the current legislation a School Review Committee must be established. This committee will be comprised of up to four members of the current School Community Council, two members of the town/village council and two representatives of the council of municipalities in the school division. It will be this committee's responsibility to:

- a) Acquaint itself with the Board of Education's school review process including the criteria being used for the school review and the data that will be used to evaluate the school against the review criteria;
- b) Describe the impact that all potential outcomes of the school review process will have on the students and the broader community;
- c) Share the information provided by the Board of Education with the community and ask for written feedback from the community;
- d) Share the written feedback received from the community and the school review committee's recommendations with the Board of Education.

The provisions regarding a motion of intent to review a school and the process are laid out very clearly in The Education Act, 1995 and in Board Policy 14. These documents can be found at [www.cornerstonesd.ca](http://www.cornerstonesd.ca) on the front page under the heading of School Review Process. For more information contact: Carol Flynn, Board Chairperson, South East Cornerstone Public School Division at 306-434-9058 or Dr. Marc Casavant, Director of Education, South East Cornerstone Public School Division at 306-848-0080.
