The directors will be here to work with the students during the school day and from **Monday, February 27 - Saturday, March 4.**

The performance will be the evening of Saturday, March 4, 2017.

There are two types of tickets available.

Supper and a show tickets are \$25 with supper starting at 5:00 p.m.

There are a limited number of supper tickets available.

People with these tickets will be seated first for the performance.

Show only tickets are \$15. If there are show only tickets available the night of the show, they will be \$20 at the door.

The show will begin at 7:00 p.m. in the Pangman School gym.

Tickets are available from the school office. All tickets must be paid for by Friday, February 17.

This is a wonderful opportunity for our students to experience being a participant in a musical production. However, it is quite a costly venture. To help us cover our expenses, we are looking for donations of suitable items for raffle prizes and silent auction items. Please contact us via Facebook messenger, at the school office (306) 442-2051 or contact SCC member Robyn Verot if you wish to support Pangman School in this way.

Thank you.

"Success and achievement for every student."

What is Aboriginal Storytelling?

For Aboriginal people, storytelling is both a gift, and a very old custom, sanctioned by the people to teach, entertain, and remember. Throughout February Four Nations & Métis storytelling events are held in schools, libraries, and community organizations throughout Saskatchewan.

SCC Christmas Celebration

Pangman School would like to thank our School Community Council for the festivities before the Christmas Break. We enjoyed sleigh rides, bonfire and hot dog roast, and skating to wrap up 2016. Students also played games and went sledding.

The current practice in Saskatchewan of closing schools due to inclement weather is very rare. The reasoning to have schools stay open is to ensure that should a child arrive at a school on a dangerously cold day or in adverse weather conditions, the school will be open and safe for them. Thus schools remain open. While our schools remain open, buses may cancel. Our SECPsD Administrative Procedure 132: Bus Service Cancellation – Inclement Weather outlines that there are several factors that impact the decision to cancel bus service which include:

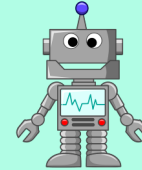

- Severe cold (-40°C ambient temperature or -45°C or greater wind chill)
- Consideration of the weather forecast for the day
- Severely limited visibility, blizzard or “white out conditions”
- Unsafe or extremely adverse road conditions

No single factor automatically requires the cancellation of routes. It is parental choice as to whether or not they provide their own transportation to the school on such days. Access to Administrative Procedure 132 is found at:

The Pangman School Robotics Club was invited to Moose Jaw for the kickoff of the First Robotics build season. We were given a robotics challenge and the supplies to build our robot. We spent the rest of the day going over our parts and starting to assemble our robot.

The Grades 11 and 12 students recently participated in a rat dissection lab for Health Science 20.

Grades 1-3 Science Structures

As part of their science unit on altering and combining materials, the grades 1-3 students each constructed a structure using recyclable materials and craft supplies. They started by writing a proposal and experimenting with how their materials might be used. They constructed their structures and then reflected on what went well and what they should have done differently to solve any issues that came up while they were building. They are going to use their structure as a springboard for a creative writing story in ELA.

KIDS IN THE KITCHEN

Cooking with kids

- ♦ Help kids learn. Cooking with children allows them to learn about math, science, language and more.
- ♦ Raise cooks. Kids who help out in the kitchen are more likely to cook meals for themselves and their families in the future.
- ♦ Help keep family roots alive. Teach children family recipes and share stories about how you learned to cook.
- ♦ Plan quality time! Spend time with your children in the kitchen sharing stories from the day.

Cooking with kids at any age

Cooking with kids at any age can be fun. Here are some ideas for different ages:

4-6 Year Olds	6-8 Year Olds	8-11 Year Olds	Teens
<ul style="list-style-type: none"> ♦ Put together foods like trail mix and smoothies ♦ Mix batter for muffins, pancakes and sauces ♦ Crack and beat eggs ♦ Cook with a friend for a fun play date ♦ Help set the table 	<ul style="list-style-type: none"> ♦ Use simple kitchen tools like a grater, toaster, blender or can opener ♦ Make simple tortilla wraps ♦ Mix vegetables together in a salad ♦ Invent a smoothie recipe ♦ Make a simple breakfast such as fruit, yogurt and granola 	<ul style="list-style-type: none"> ♦ Use a knife with easy -to-cut foods ♦ Use the microwave ♦ Make their own school lunch ♦ Make a fresh fruit platter to go with dinner ♦ Use the stove with supervision to make simple recipes such as omelettes, pancakes, soups and quesadillas 	<ul style="list-style-type: none"> ♦ Help plan meals for the week ♦ Make a grocery list based on the menu and help to shop for groceries ♦ Learn about food safety ♦ Learn about kitchen safety ♦ Take on responsibility for preparing some of the family meals.
