♥ Welcome to Kindergarten

This year, we had six new Kindergarten students join Pangman School. We are very excited to have such a large group join our class! So far, we have read stories, talked about letters and numbers, and spent some time getting to know our new classmates. Next month, I will be setting up a new Pumpkin Patch Centre for the Kindergarten students. We will be learning all about Pumpkins, and will be doing an Investigation to learn more. We will also be doing several activities revolving around Fall and Halloween. Welcome to our School Kindergarteners, we are so excited to have you!

Missoula Children's Theatre Production of Peter & Wendy

September 28, 2019

Thank you to everyone who contributed to, and supported,
Pangman School's Missoula production.

DID you KNOW ?

...good attendance is a habit children need to form in the early years.

Current research shows that children who are chronically absent in the early years are much less likely to read at grade level by the time they reach grade three, that early attendance is a predictor of attendance in later years, and that children who continue to be chronically absent are less likely to graduate from high school.

In SECPSD we provide high-quality early childhood experiences in our Prekindergarten and Kindergarten programs, but unless children attend fully, they cannot benefit fully.

Who Can Read on Grade Level After 3rd Grade?³

64%

of kids with good attendance in K and 1st (missed 9 or fewer days both years)

43%

of kids with at-risk attendance (missed more than 9 days both years)

41%

of kids chronically absent in K or 1st (missed 18 or more days one year)

17%

of kids chronically absent in K and 1st (missed 18 or more days both years)

7 WAYS TO HELP kids cope with BIG LIFE CHANGES

Big Life Journal

1. GIVE THEM TIME TO PREPARE

When preparation is an option, give your child plenty of advance warning that a major change is coming. This allows them **time to process** and begin to accept the change.

2. LISTEN TO THEIR CONCERNS

Take time to address your child's questions and concerns. Help them **work through the emotions** that they're feeling. If your child struggles to name what he is feeling, help him label the emotion (e.g., anxious, sad, nervous, worried, or scared).

3. READ BOOKS ABOUT BIG LIFE CHANGES

There are plenty of children's books written to **help kids cope** with major life changes. Check out the Top 85 Growth Mindset Books for Children and Adults in our Growth Mindset Printables Kit on biglifejournal.com

4. KEEP ROUTINES THE SAME

Give your child as much **consistency and stability** as possible. Bedtimes and mealtimes in particular should remain consistent. Structure feels safe for children, so provide as much of it as possible to restore a **sense of safety**.

5. PROVIDE CONNECTION AND PLAY

Remain consistent in your child's **connection with you**. Make sure your child knows that no matter what else changes, you aren't going anywhere, and neither is the bond you have with your child.

6. GIVE THEM CHOICES AND ASK FOR HELP

During a big life change, children feel that they have no control over their lives. Give some **sense of agency** by allowing your child to make small choices:

- What color does he want to paint his bedroom at the other parent's home?
- What should you cook for the first meal in the new house?
- What outfit does he want to wear for his first day at a new school?

7. TALK ABOUT OTHER CHANGES

Talk about things they **successfully coped with** in the past. They might include:

- Starting school
- Getting a new pet
- Joining the soccer team
- Going to first grade
