Students of the Month for May 2021

K-3: For her kindness towards others, and for the time and effort she puts into her work. Great job!

Grades 4-6: These girls haven't been in our school long but they have excellent attendance and have adjusted to our classroom and our routines well. Welcome to Pangman girls! Keep up the good work and effort!

Grades 7-9: For their effort and work they put into their Dance assignment in Art class. Good work!!!!

Grades 10-12: For his ability to get caught up and stick to a schedule after missing time in the month of May, 2021.

MAY 5 - AUGUST 20

Sora
The student reading app

Pangman School is gearing up for summer break. While summer presents an opportunity to relax and enjoy the sunshine, we want our students to continue to find ways to learn while away from the classroom.

We have an exciting reading service available through Sora, the student reading app, which provides free 24/7 access to ebooks and audiobooks. Learn more about Sora and its perks for you and our students here: <https://meet.soraapp.com/>. What better way to engage a student's mind than through reading?

Starting **May 5 - August 20, 2021**, the **Sora Sweet Reads** program will offer a collection of Juvenile and Young Adult titles that will be prominently displayed in Sora for quick and easy unlimited access. You can explore the title offerings and learn more about the program here:

<https://resources.overdrive.com/sora-sweet-reads/>. **Links provided in comments and body of e-mail.**

Our school recently acquired picnic tables and umbrellas. Classrooms may now move outside when the weather cooperates.

Studying
in the
sunshine!

The K-3 class had a very exciting day this month! One student brought his new baby Lamb to school for Show and Share. Our class was able to pet her, learn about how to take care of her, and some even had the opportunity to feed her. For some, this was their first time seeing a Lamb. Thank you to the family for providing us with this experience, the kids loved it!

Students in the 10-12 Forensics class are working on properly rolling fingerprints and identifying prints using the knowledge and skills that they have acquired this semester in Forensic Science 20.
