## Students of the Month for March 2022

K-2: For the continuous effort she puts into her school work and for her positive attitude towards learning. She is kind to everyone around her and ensures everyone is included. Great job! Thank you for all your hard work!

Grades 3-5: For her hard work and determination in class. She strives for perfection and always gives it her best shot! Keep it up!

Grades 6-9: For all his hard work to get caught up while he was away and his positive attitude in his classes.

Grades 10-12: For his hard work and positive attitude inside and outside of the classroom.

*"Success and Achievement for Every Student."*

## SCC Spotlight

April's School Community Council (SCC) Spotlight features Cacey Warren. Cacey has been a member of the SCC since 2020. Cacey and family live just south of Pangman on an acreage they purchased almost five years ago. Cacey and her husband are originally from Ontario. They have one daughter in Grade 2 at Pangman School. Cacey sits on the Pangman Library Board and is the Facility Manager of Deep South Personal Care Home here in Pangman. We interviewed Cacey to learn about her and why being a member of the SCC is important to her.

**Pangman School:** Cacey, what made you decide to become a member of the SCC?

**Cacey:** I was actively recruited by other current members. Once my daughter started school, it only made sense to me to join and be a part of helping the school.

**Pangman School:** What is the SCC and what does the group do?

**Cacey:** The SCC is the School Community Council. The SCC does a lot of brainstorming, planning and fundraising to give the school and students things that are not within a rural schools budget. In the past the SCC has purchased new projectors for classrooms, expanded the playground by putting new play equipment, put on hot lunch days and held/sponsored many "fun" days for the students. We are all looking forward to being more hands-on in the future now that pandemic restrictions are easing!

**Pangman School:** What's something you would like to see the SCC do in the future?

**Cacey:** An on-going discussion has been a basketball court. That would be one of the bigger goals the SCC has and would like to make a reality!

**Pangman School:** Why is the SCC so valuable for our school?

**Cacey:** The SCC is valuable to our school in many ways. As noted above, to allow us to raise funds to give the school and students more than the school budget allows. But it's also great for us parents. We get to have a more in-depth relationship with the school our child(ren) attend and get to see the smiles on our child(ren's) faces when they enjoy something the SCC planned or purchased!

**Pangman School:** What would you say to other parents who are considering becoming a member of Pangman School's SCC?

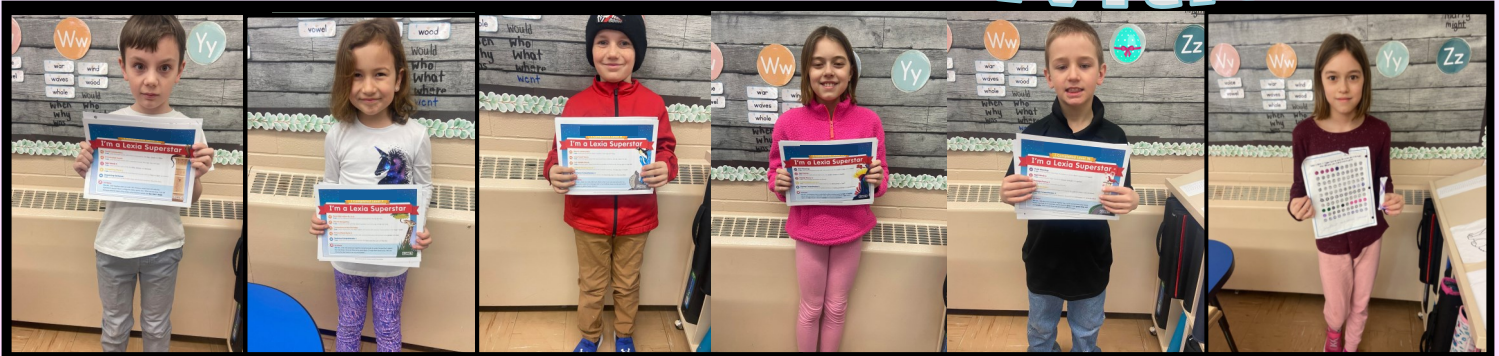

**Cacey:** Honestly, it's the least stressful/easiest group I've been on so far and I'm glad I joined. It's a wonderful group of people working towards the same goals!

**Pangman School:** Thank you for taking the time to let us interview you. Good luck on all the upcoming projects the SCC is planning.

**Cacey:** We are always looking for more members to join. Thank you!

# Classroom Activities

Grades  
3-5

Our elementary students are participating in the Little Green Sprouts program which provided the supplies to grow various types of microgreens. Students also made their own living necklaces!

## SRC Report

The SRC is starting a mentorship program in April. Every older student will be paired with a younger student, and they will have activities to do with their mentors every month. We are trying to rebuild the school spirit throughout the entire school between younger and older students since the school has been separated for so long. We are looking forward to seeing bonding throughout the school through the mentorship program.

PANGMAN SCHOOL SCC'S

# Jump Rope / Hoops for Heart

On March 4th, 2022 Pangman students participated in the annual Jump Rope for Heart fundraiser. This year's event was extra special as it was held in memory of Ms. Johnson. It was a fun afternoon for a great cause. Our school raised \$885 for the Heart and Stroke Foundation! Thank you to everyone who donated. Congratulations to Kadan, Hannah, and Jenna who were awarded prizes for being the top three fundraisers.

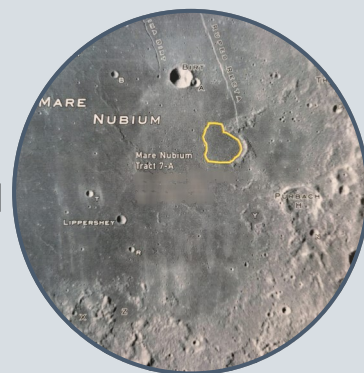

## One School, One Book Grand Prize Winners

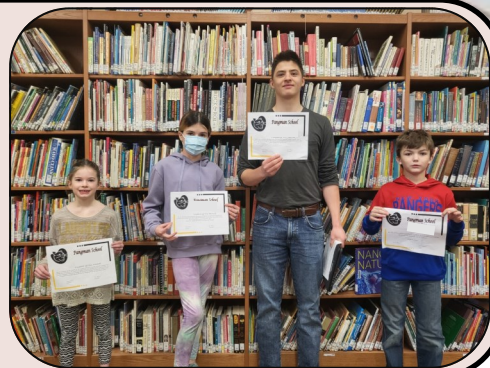

The recipients of our One School, One Book grand prize received their official documentation showing their ownership of land on the moon.

Congratulations!

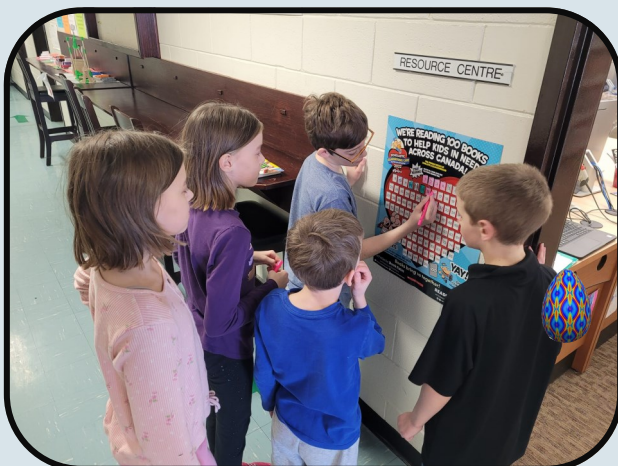

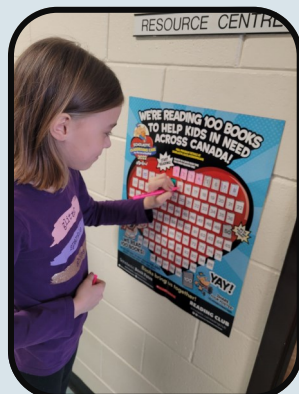

## Student of the Month Assemblies are Back!

Students and staff are, once again, able to gather together to celebrate accomplishments and special events! Pictured here are March's Students of the Month.

## Pangman School is proud to be participating in the 2022 Classrooms Care Project!

If we read 100 books by April 30th, 2022 Scholastic will donate up to 100,000 books to help kids in need! In addition, our school will be entered to win a virtual visit with an author!
