### Pangman School Welcomes Our New Principal!

I'm thrilled to embark on this journey at Pangman School! My previous teaching experience was in Ogema, where I had the privilege of instructing a range of subjects for grades 1 through 10. Following this, I took a position based in Estevan, where I collaborated with educators and students to integrate technology into their classrooms across multiple schools. During this time, I pursued a Master's of Education, and I am currently pursuing a Master's in Educational Technology.

My wife and I reside in Weyburn, and we recently welcomed our daughter this past March. In my spare time I enjoy golfing in the summer, and curling in the winter, and watching the odd baseball game. I'm eager to establish connections with the students, staff, and community at Pangman School. With great enthusiasm, I anticipate a fantastic school year ahead in Pangman during the 2023-2024 school year!

Dear Parents, Guardians and Students,

Printed immunization records will no longer be mailed home on a routine basis at the end of Grade 8.

Immunization records are available for viewing and printing in the student's MySaskHealthRecord online application account at <https://www.ehealthsask.ca/MySaskHealthRecord/MySaskHealthRecord>.

- If a student aged 13 years old or younger does not have an account, a MySaskHealthRecord account must be created for them by following the directions at the link above.
  - o Parents/guardians must have their own MySaskHealthRecord account to request access to their child's health information in MySaskHealthRecord. Your child's information will be directly linked to your account.
- Students 14 years and older must create their own confidential MySaskHealthRecord account at the link above.

Please direct any questions regarding MySaskHealthRecord to eHealth Saskatchewan at 1-844-767-8259 or [MySaskHealthRecord@ehealthsask.ca](mailto:MySaskHealthRecord@ehealthsask.ca).

If you choose to not sign up for MySaskHealthRecord, you may contact your local public health office to inquire about receiving:

- An emailed copy of the student's immunization record; or
- A printed immunization record if self-printing is not possible.
- A fee may be applied to these services.

Thank you for your attention to this matter.

## Budget 2023-2024

Government announced

**\$49.4 M** ↑  
**or 2.5%**

provincial operating grant  
increase for the 23-24  
school year.

**\$35.5 M**

Of that was included  
in the 22-23 budget  
for inflationary and  
enrollment increases

**\$186,000**

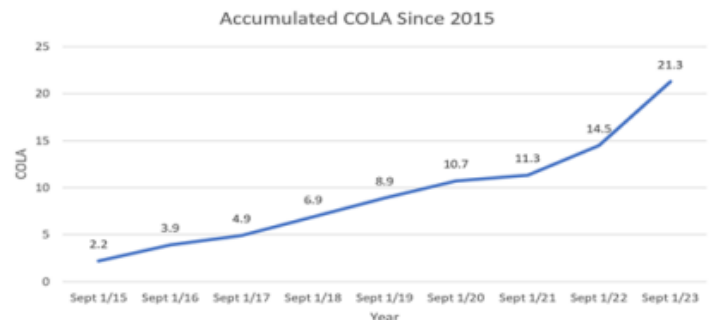

**or 0.7%**

Is what SECPD's  
increase in funding  
amounts to for 23-24.

**This falls short of addressing increases and costs related to: support staff collective agreements, teacher salary increments, local agreements, statutory benefits, fuel, insurance, utilities, general inflation, and continuing need for specialized student programming.**

\*the graphs below illustrate the operating grants received by SECPD over the past 9 years and The Cost of Living Adjustment (COLA) increases.

### What does this mean for SECPD?

- Classroom teacher staffing will be at a ratio of 1 teacher for every 23 students
- A reduction in central office staff supporting teachers and students
- Fewer programs and unique learning experiences for all students
- Reduction to non-personnel related purchases
- Another substantial deficit budget

**SECPD has submitted a deficit budget since 2015 to limit reductions, but public education in Saskatchewan needs sufficient, sustainable funding.**
