Kindergarten Grad
Last Day of School
- 30th Report Cards

Four Pangman School students participated in Robot Rumble in Saskatoon on May 8th. Students were given the chance to design and build a Sumo robot programmed to push other robots out of the ring. They demonstrated teamwork, problem-solving, and coding skills throughout the competition. One of our students was lucky enough to be interviewed by CTV Saskatoon.

In This Issue

- 1 Robot Rumble
- 2 May Students of the Month
- 3 Buddy Reading
- 4 School Spirit Days
- 5 June Calendar

Grades 1-2 Friction Lesson

Students of the Month

May 2025

Grades K-2: Kindergarten class for working so hard at learning all the letters and sounds. They have made great progress at all their academic work, and we are so proud of them. They also share well and show kindness to their classmates! They are so ready for grade 1!

Grades 3-5: She has made great progress with her reading and writing skills. She has a positive attitude towards learning new things and often looks for ways to help out in the classroom! Great work.

Grades 6-9: His consistent kindness, responsibility, and positive attitude make him a strong role model in our classroom. He is an excellent critical thinker who often dives deeper and brings "big brained questions" to our discussions. His eagerness and positive energy makes our room a more fun and welcoming place to learn. Great job. Keep it up!

Grades 10-12: He works hard at everything he does, he's always willing to help someone in need, and he's always respectful.
